(TAPE 1)(SIDE A)(320)AGENDA ITEM NO. 4: COUNCIL ANNOUNCEMENTS

Chair Menard read the following announcement:

As you know, we have received a preliminary draft version of a study from Competitive Communications Group regarding whether it is feasible for the City-Parish Government to provide telephone service, cable television service, and advanced services. The new Act 736 passed by the Legislature will require us to have a number of public hearings on the feasibility study which must be pre-advertised in a manner which is not the same as this Council's normal procedure. Even though we do not have the final version of this feasibility study, I would request that the Clerk begin the process of pre-advertising the public hearings required by Act 736 with the possibility of having the final feasibility study considered for final adoption at this Council's regularly scheduled meeting date of November 2.

If the final feasibility study is to be considered for final adoption on November 2, Act 736 would require that public hearings be held on the feasibility study no later than October 26 and November 2. I would request that the Clerk begin the pre-advertising process under the assumption that public hearings would be held on those dates.

Broussard expressed his concern regarding an article in the Daily Advertiser, which reflected comments made by Chair Menard during the meeting of September 30. He was disappointed to read that the article did not reflect the importance of the adoption of the new FY 2004/05 budget. Williams recognized representatives from C.H.A.R.G.E., the Coalition for a Healthy Acadiana Regional Grassroots Efforts. The coalition has been working diligently to promote smoke-free environments in Lafayette as well as a healthier place to live, work and raise a family.

NAYS: None

ABSENT: Benjamin, Broussard, Mouton

ABSTAIN: None

The motion to come out of executive session was unanimously approved. The Council returned from executive session at 6:30 p.m.

At this time, Williams requested an explanation regarding the announcement that Menard read at the beginning of the meeting. Menard explained the vote would be on the final draft of the feasibility study. Ottinger added there would be a joint LPUA/Council meeting held in order to receive the findings of the feasibility report in compliance with legislation as well as for public comment. Williams expressed his concerns with the timeframe in which the hearings would take place. He wanted to ensure that the Council, as well as the public, would have ample time to review the study before approval.

(TAPE 1)(SIDE B)(001)

Ottinger added the legislation creates a window of time, which is determined by the institution of the publication within which to receive and act on the report. Duhon committed to providing the requested information to Williams within a timely manner. Upon questioning by Conque, Ottinger responded the Council will be required to make a decision on any necessary changes to the structure of the Utilities Department and the nature of administrative reorganization, the acceptance of the feasibility report as required by the legislation and resolutions pertinent to potential bonds. Stanley added the Council could approve the study; however, depending on the bond market, the decision could be delayed with regard to the funding of the project.

#### **ORDINANCES FOR FINAL ADOPTION**

(TAPE 1)(SIDE B)(181)AGENDA ITEM NO. 8: O-209-2004 An ordinance of the Lafayette City-Parish Council setting forth and designating the adjusted ad valorem tax millage rates and imposing taxes on all property subject to ad valorem taxation in the City of Lafayette and the Parish of Lafayette and authorizing the Assessor and Tax Collector for the Parish of Lafayette to assess and collect tax millages for 2004. A motion to approve by Stevenson, seconded by Williams and the vote was as follows:

YEAS: Badeaux, Bourgeois, Williams, Benjamin, Broussard, Conque, Stevenson,  
Menard

NAYS: None

ABSENT: Mouton

ABSTAIN: None

*Motion was approved.*

The following person was recognized:

**Andrew Hebert** expressed his concerns regarding city taxes and parish taxes.

(TAPE 1)(SIDE B)(265)AGENDA ITEM NO. 9: O-210-2004 An ordinance of the Lafayette City-Parish Council providing for millage rate adjustments and roll forward of millage rates not to exceed the prior year's maximum for tax year 2004 as allowed by Article VII, Section 23(C) of the Louisiana Constitution of 1974 and LA. R.S. 47:1705, in the City of Lafayette and the Parish of Lafayette, State of Louisiana. A motion to approve by Williams, seconded by Conque, and the vote was as follows:

YEAS: Bourgeois, Williams, Benjamin, Broussard, Conque, Menard

NAYS: Badeaux, Stevenson

ABSENT: Mouton

ABSTAIN: None

*Motion was approved.*

Stevenson expressed his concerns regarding the roll forward and the tax increase that will be incurred. The public voted on the millage and felt the citizens did not know the Assessor would be aggressively increasing assessment values as he has done within the last two years. Stevenson proposed to decrease 20 positions within LCG to account for at least \$1 million of savings. He could not support the subject ordinance knowing it would increase taxes. Lalumia explained the City general fund would be increased by \$800,000 with the roll forward millage. The parish general fund, which includes roads and bridges, the Library, the Courthouse, Juvenile Detention, and the jail, will be increased by \$1.8 million. The roll forward sets the tax millage rate at the same rate as in 2003, which is still less than what was originally voted on by the

public. The average assessment increase of properties was 6% for the city and 7.5% for the parish.

Williams supports the roll forward and opined there are many projects needed to be done throughout the parish and cannot be done without the tax monies.

(TAPE 2)(SIDE A)(001)

Stanley added the Administration has been working on determining a cost savings by deleting 11 positions during the budget process as well as placing a freeze on other positions in an effort to incur salary float. The millage that will be collected on a home worth \$150,000 will be the same tax that was collected in 2003. However, revenues will increase on the basis of the increase of the evaluation of the property.

The following persons were recognized:

**Billy J. Dorrell** expressed his opposition to the subject ordinance. He listed various reasons in opposition including the effect on those who are on fixed incomes and suggested if the millage was approved, it should exclude senior citizens who qualify, by state law, based on age and income for a freeze on the appraised value on their private homes. Lalumia reiterated that the tax rate is not increasing. If a resident's assessment did not change, taxes will not increase.

**Andrew Hebert** expressed his concerns regarding city taxes and parish taxes. He opposes the subject ordinance.

**Esther Broussard** is a resident of Holiday Gardens. When her home was annexed into the city, her property was assessed at a higher value. She lives on a fixed income and is concerned with the amount that she is being required to pay for taxes.

(TAPE 2)(SIDE A)(215)AGENDA ITEM NO. 10: O-218-2004 An ordinance of the Lafayette City-Parish Council accepting the findings of the Registrar of Voters for Lafayette Parish as to new voting precinct boundaries. YEAS: Badeaux, Bourgeois, Williams, Benjamin, Broussard, Conque, Stevenson, Menard

NAYS: None

ABSENT: Mouton

ABSTAIN: None

*Motion was approved as amended.*

Steve Bernard, Registrar of Voters, explained every year the State conducts a canvass of all voters and when a precinct is discovered to have less than 300 voters or more than 2200 voters, action must be taken to come in compliance with state laws. Upon questioning by Broussard, Bernard confirmed it does not change the boundary lines of the parish. Only one precinct's location is being changed. The new precinct boundaries will become effective January 1, 2005.

The Administration requested the following amendments within the body of the subject ordinance:

1. Merge Precincts 30B and 39 into one precinct to be known as Precinct 39, voting at the Louisiana Technical College, 1101 Bertrand Drive, Lafayette, Louisiana.
2. Divide Precinct 105 into two precincts to be known as Precinct 105 and Precinct 109, voting at the Milton Elementary School at W. Milton Avenue, Milton, Louisiana.

Louis Perret, Clerk of Court, explained there are 3 precincts in Lafayette Parish that the Clerk's Office pays a rental fee. The church is planning renovations in January 2005; therefore it will not be available. After personally conducting a study of the area, in conjunction with UL of Lafayette, the LEDA building was found to meet all requirements for precinct compliance. LEDA has agreed to the use of their facility at no charge. Menard stated he has received a call from a commissioner who works at Precinct 104, located at Fire Station #12, who expressed his concerns regarding the lack of parking. He sent correspondence requesting a location change to Gallet Road and requested Perret research the feasibility of the change and provide the Council with a recommendation. Perret stated he and Bernard discussed the request and received comments from the voters of the precincts. Voters in that area prefer the location to remain as is. He added if Gallet would be willing to work with his office, he could possibly make that change.

Bernard confirmed new voter registration cards will be mailed by the Secretary of State's office in January 2005, which will reflect the change in precinct along with a letter of explanation.

(TAPE 2)(SIDE A)(493)AGENDA ITEM NO. 15: O-236-2004 An ordinance of the Lafayette City-Parish Council amending the FY 03/04 operating budget of the Lafayette City-Parish Consolidated Government by transferring \$50,000.00 to the Contractual Services line item, \$30,000.00 to the Janitorial Supplies and Services line item, and \$20,000.00 to the Supplies and Materials-Prescriptions line item within the Lafayette Parish Correctional Center from Prior Year Fund Balance. Rob Reardon, a representative of LPCC, explained there are certain services that are provided to the inmates. Funding for various types of services were requested during the budget process; however, the total amount requested was not funded. With reference to the Janitorial Supplies and Services line item, LPCC was utilizing inmates for laundry services instead of contracting out the services. Unfortunately, the timing for the year was not adequate. Stanley added a meeting was held in an effort to determine a method of reducing costs with regards to medical attention and prescriptions. In the past, University Medical Center has provided various medical services for the inmates, but has since passed the responsibility to LCG. Lalumia stated LCG is working with the Health Unit to provide these services at a reduced cost in hopes of providing relief to the general fund.

Upon questioning by Stevenson, Lalumia explained LPCC is required by state statute to provide medical services to the inmates.

(TAPE 2)(SIDE B)(001)

Upon questioning by Bourgeois, Reardon explained LPCC has been sending out linens to a contractor for cleaning at a large expense. Last year, he purchased 2 additional dryers and 1 additional washer in order to utilize the services at a lower cost by using inmates.

Unfortunately, because of timing and the ability to actually work out the program with LCG, he was unable to place the machines in the building and be fully operational before having to enter into another contract. LPCC will be implementing the in-house services beginning with the new fiscal year on November 1.
